

HOME TEAM PROVES EASY FOR MERRILL

Rhinelanders Highs Fail to Score in
Saturday's Game—67 to 0
Tells the Tale.

Highly elated with their victory of 17 to 0 over the Eagle River team, the members of the Rhinelanders High school foot ball squad went to Merrill, last Friday, with the firm intention of putting the Highs of that city out of business. Once again, however, did their well laid plans go astray, for late Saturday afternoon a telegram was received containing these cruel words, "67 to 0, favor of Merrill."

From all accounts of the game, the local boys were no match for their husky opponents, who have the reputation of comprising one of the strongest High school eleven in the state.

From the Merrill Daily Herald the following extracts from a write-up of the contest are taken:

Praises Fenelon.

It was easily seen that Rhinelanders was at the mercy of the Merrill boys. Merrill played the Rhinelanders ends for ten and fifteen yards to a time. The Rhinelanders line was pounded for similar amounts by the Merrill back field almost at will. Not once during the entire game was Merrill forced to punt, while Rhinelanders punted repeatedly to keep the ball in safe territory. Wittman was the star of the game. He displayed wonderful ability in running and catching the forward passes. One of his star plays was a run for a touchdown the entire length of the field.

Fenelon, captain of the Rhinelanders team, certainly displayed his ability by making some good gains around Merrill's ends. At one time Rhinelanders took a brace and for a while there was a good chance to score, but they lost this chance.

Klutz mixed things well and kept Rhinelanders guessing all the time. This "all-star" quarter back kicked nine out of eleven goals and then added a drop kick.

Rhinelanders Is Game.

The Rhinelanders boys stayed to the finish of the game and took their foot ball medicine just as Merrill handed it out to them. The people of Rhinelanders, that take an interest in school matters, should congratulate the boys for showing the spirit that they did at Merrill Saturday.

The final score was 67 to 0.

BIG AUDIENCE HEARS COLLINS.

Working Man's Friend Makes An
Impressive Address Here.

To an audience which occupied every seat in the city hall council chamber and over one hundred people standing, John Collins, national organizer for the Socialist party, delivered an impressive address, Monday evening.

Among the subjects which Mr. Collins touched on was the relation of the trades union movement to Socialism. He said that by organization is the only way the working classes can make any progress. By remaining firmly together, the tradesmen and common laborers will eventually accomplish ownership and means of production through the political movement.

Mr. Collins is a machinist, who has for a number of years followed his trade at Chicago. He is one of the toilers and a true brother to the working man.

During the big coal strike at Homestead, Pa., he spent several weeks among the poor miners, working for their cause and helping them in their struggle against the greedy mining corporations.

DIETZ PLAY IS COMING.

Rhinelanders people may soon have an opportunity to witness the new play, "The Defender of Cameron Dam." This production was prompted by the Dietz trouble and such characters as John Dietz, Myra Dietz, Sheriff Madden, Father Pilon and others who figured prominently in the affair, are impersonated.

Messrs. Hanson and Taylor, the theater managers of this city, are in correspondence with the promoters of the play, which may be brought here as soon as the Opera House is re-opened.

Don't forget the F. R. A. dance at G.H.M.'s hall on election night. Tickets 75 cents.

SHOOTING AT HACKLEY.

Ed. Grant, Angry at Dan Connors,
Wounds Him.

Hackley, the little mill town in Vilas county, is establishing a reputation as a rendezvous for gun men. Another shooting affray occurred there a few days ago.

At Eagle River this week Ed Grant charged with assault with intent to kill, was bound over to circuit court. He was released under bonds of \$1000. Grant engaged in an altercation with Dan Connors at Hackley and drawing a revolver he shot Connors. The bullet passed through the man's hip resulting in a painful but not dangerous wound.

For some time the men had been on unfriendly terms and this was the motive for the shooting.

BUILDS NEW SHOP.

D. F. Litzell, an expert horse shoer, who with his family recently moved to this city from Kent, O., is building a shop at the corner of Brown and Phillips Streets. The building will be 42x36 ft. and will be equipped with all modern conveniences for the plying of Mr. Litzell's trade.

MOTHER AWAY; CHILD IS FATALLY BURNED

Little Mary Hughs, Aged 4, Meets
Cruel Death While Playing
Around Stove.

Death from fire was the terrible fate of Mary, the little four year old daughter of Mrs. Laura Hughs, at the Clark home on the upper Wisconsin river about eighteen miles from this city, last Saturday.

Children Left Alone.

Mrs. Hughs left the child and another daughter, two years of age, in the house while she went on an errand to a neighboring camp. Upon her return she was horrified to see the dead body of Mary, charred and blackened almost beyond recognition, on the floor near the stove. The other baby was painfully burned but will recover.

During the mother's absence the children had to all indications opened the stove door and played with the fire, the live coals igniting their clothing. That the smallest girl did not receive fatal burns is a mystery. The floor about where the little corpse lay was only slightly burned.

Buried On River Bank.

With simple services the remains of the unfortunate child were buried on the banks of the Wisconsin river near the home.

Mrs. Hughs is housekeeper for J. Clark who is a well known settler along the river.

THEY ARE HAPPY NOW.

Miss Emma Cleveland Becomes The
Bride of Floyd Ford.

Miss Emma Cleveland, of this city, and Floyd Ford, of Minneapolis, were quietly married last evening at the home of the bride's sister, Mrs. R. Perrot on Thayer Street. Rev. G. Clark, pastor of the Congregational church, officiated at the ceremony. Miss Cleveland was attended by Mrs. Emma Gould, of this city, and G. E. Featherly of Goodman, was best man. Only relatives and close friends of the couple were present.

The bride has for the last four years held a position at Jacobson's store, where she was highly regarded by the management and popular with the patrons. Through her charming personality she holds a wide circle of friends in this city. It is regretted that she is to leave Rhinelanders.

Mr. Ford is one of the faithful employees of the Soo railway company and has the respect of all who know him. He holds the position of agent at Falthorn Junction.

After a wedding trip to Minneapolis and St. Paul Mr. and Mrs. Ford will begin their residence at Falthorn. The well wishes of their friends go with them.

GETS A NEW TERRITORY.

R. S. Williams and family have moved from this city to Redfield, S. D., out of which city he will travel for Jenny-Semple, Hull & Company, a Minneapolis hardware house which he has represented in northern Wisconsin for a number of years. Mr. Williams will be greatly missed by his friends in this territory.

DEER HUNTERS ARE ALREADY IN WOODS

Season One Week Away But Accidents
Are Many—Game Wardens
Are Active.

Although the open season for deer in Wisconsin does not begin until the tenth of November from the numerous accidents reported it is evident that the woods are already being invaded by hunters. So far no serious shootings have occurred in Oneida county.

In conversation with Martin Berg, deputy game warden of this county, he says that the wardens will be unusually active this fall in the apprehension of violators. Several strange deputies from the southern counties will be assigned to duty in this part of the state. These wardens, it is figured, will be able to cope with the situation much better than the resident wardens who are well known.

Every hunter who goes into the woods must have his license in his possession and be ready to produce the paper when requested. By so doing unnecessary trouble will be avoided.

Dogs Not Tolerated.

To have dogs in the woods at any time during the month of November is unlawful. This is one provision of the game laws which the wardens will rigidly enforce. There are men who make a practice of hunting deer with dogs and in the past they have always been successful in escaping the law.

Such offenders will be carefully watched by the wardens who will not hesitate to make arrests if the occasion demands.

Deer Not So Plentiful.

From all over this county and other parts of northern Wisconsin comes the report that deer are not as plentiful as in former years. As the timber is being rapidly cut, or destroyed by fires, the animals seek other haunts, roaming to the wilder and more remote regions. The guns of the pot hunters are also doing much toward diminishing the deer.

MUNICIPAL COURT DOINGS.

Joe Friday Attempts To Cash Worth-
less Time Check.

On complaint of Martin Berg, deputy game warden, a warrant was issued Tuesday for John Small, charging him with killing deer. Small has not appeared before the court.

A peace warrant was issued for John Roshinsky of McNaughton, Tuesday. Roshinsky threatened to shoot a neighbor.

Joe Friday was arrested by Chief Straub today for attempting to cash a forged time check on the Robbins Lbr. Company. The check was for \$160. Friday was bound over for trial before circuit court.

ITALIAN BOYS TOMORROW.

Foland and the Italia Boys appear at the Armory, tomorrow, Friday night, Nov. 4. This is the second number on the entertainment course and will be very enjoyable. The organization has appeared in many large Wisconsin cities in the last few years and has given the best of satisfaction.

Single admission 75c, season tickets for the last five numbers of the course \$1.50.

We had a crowded house, in spite of bad weather, and the entertainment gave first-class satisfaction to all. Mr. Foland cannot help but please you, his work being the best of its kind ever seen here. We feel that we have received a great send-off for our course.—C. D. Brooks, Sherburne, N. Y.

INDIANS FINISH DANCE.

The Lac du Flambeau Indians, who have been attending the big "Dream of Autumn Dance" at Neopit, returned to their reservation Friday.

About 250 Indian families took part in the pow wow which is to them a form of religious ceremony. It is in this manner that they express their gratitude to Manitou for keeping them through the summer and ask His protection through the long cold winter. The dance lasted twelve days.

VICTOR'S BAND WELL RECEIVED

Large Audience Hear This Famous
Musical Organization.

Victor's Venetian Band was a decided success in its appearance at the Armory last Friday night. The band in its big numbers was received with favor, and Miss Hilz in her vocal selections was anchored time and again. Everybody was well pleased with the performance and many, for the first time enjoyed the music from so large an organization. The Armory was well seated and comfortable. Some have doubted the acoustic properties of the Armory but when it is well filled the Armory holds the crowd nicely. Foland and the Italia Boys appear at the Armory, Friday eve, Nov. 4.

E. R. HICKS VISITS LODGE.

F. R. A. Council 41, of this city, entertained the Supreme President of the order, E. R. Hicks of Oshkosh, last evening. A large class was initiated after which Mr. Hicks gave a talk on fraternal insurance.

Mrs. Teed, a deputy for the order, has during her stay in Rhinelanders written 47 applications for membership and put \$35,000 of insurance in force. This is considered extra good work.

FOUR BOAT HOUSES AND LAUNCHES BURN

Mysterious Fire Monday Evening
Causes Loss To Quartette of
Boat Owners.

Four boat houses on Boom lake, together with their contents, four launches, were destroyed by fire early Monday evening.

The houses were owned by T. C. Wood, Ray Powers, John Gilligan and Chas. Paulk. Each of these gentlemen lost his launch, with the exception of Mr. Wood, whose boat was up, the river at the time. E. G. Squier's launch was stored in the Wood boat house and was destroyed.

The fire broke out at about seven o'clock. Although the department arrived quickly on the scene, the flames gained such rapid headway as to render it impossible to save the buildings. E. S. Shepard's excursion boat, the "Hodag" which lay in the water near the burning houses, barely escaped destruction. All the launches are a total wreck, even the engine being ruined.

The loss is partially covered by insurance.

It is the supposition that the fire originated in the Gilligan boat house but from what source is unknown. John Bloom, night engineer at the water works pumping station, who gave the alarm, says that the door of this building was open and smoke pouring therefrom.

As Monday was Halloween, it is not unlikely that the blaze was started by boys in a spirit of mischief. This is the opinion which many people hold.

TO FORM NEW COUNTY.

Park Falls Would Be Made The
County Seat.

When the next Legislature meets it is likely that a bill will be introduced calling for the establishment of a new county to comprise the northern part of Price, the southern part of Ashland, the northwestern part of Sawyer, and the southwestern part of Iron Counties. Park Falls would be the logical county seat of this new division. Agitation to effect this arrangement has been gaining headway for several years. That city will become the center of the cedar and railway tie shipping business of north central Wisconsin. National Post and Tie Company has purchased a site along the switch yards of the Omaha road, which will reach there next summer.

The Atwood Lumber and Manufacturing Company and the Flambeau Paper Company have plans for enlargements of their plants and when better shipping facilities are offered by reason of the advent of the Omaha railway there will undoubtedly be other plants built there.

CLOTHES LINE THIEVES.

Clothes line thieves are operating on the north side and many family washings have disappeared. The thieves are unusually slippery and thus far attempts to catch them have been in vain.

CITY SHOULD HAVE GOOD MARKET PLACE

Sheds Are Needed For The Conven-
ience Of Farmers Who Come To
'Sell Produce

The Oneida County Farmers' Market Day for 1910 has passed into history. The cold weather combined with the lack of sheds has driven the farmers to warmer quarters than the chilly square opposite the post office. Will the coming year see suitable sheds erected at some convenient spot surrounding a market place? The fall of 1911 may not witness such a convenience for the increasing farming community, but the frosts of very few more falls will rout the farmers and drive them from their market place before the disposal of the summer's crop has hardly commenced.

The eyes of the people of the north central part of Wisconsin are on Wausau. Wausau with its flourishing spirit of loyalty to no city but Wausau; and with a determination to give a square deal to the farmers. Why should not Rhinelanders have a position beside that of Wausau?

Citizens of Rhinelanders should cultivate this spirit of loyalty to the home city and not forget that constantly growing population around us. Each and every road that goes through Oneida County should lead to Rhinelanders. They will not do so unless Rhinelanders welcome the dwellers on those roads and deals with them in a manner so that sight of the roads will bring this city to their minds. Rhinelanders citizens should boost any plan which draws them here to trade and to exchange ideas with neighbors from other sections of the county.

On Saturday, Oct. 22nd, produce on sale for a reasonable price at the market place, was quickly disposed of. Many citizens who, wishing to purchase produce, visited the place at noon and early afternoon went away empty handed. This is significant, and should be made note of by the farmers. It speaks well for the success of the day when the custom is renewed in the spring.

DR. ELLIOTT FALLS FOR CUPID.

He Steals Away To Toronto To Take
A Bride.

After long and many years of flirting with Cupid, Dr. J. T. Elliott, crafty old fox that he is, betook himself to Canada last Saturday night to become the husband of a dainty little Miss at Toronto.

If Doc's plans went well the ceremony was performed at that city yesterday afternoon.

After a tour of Niagara Falls, Owen Sound and other cities in Ontario, Doc and his bride will arrive in Rhinelanders on November 15th.

The reception that this medicine man will receive when he returns is something horrible to contemplate. An extended mention of the wedding will be published in next week's New North.

ONE YEAR FOR BURGRAFF

Judge Reid Denies Attorney's Motion
For New Trial.

After an eloquent plea by Attorney Finch, Judge Reid denied the motion of Antoine Burgraff, convicted of fornication, for a new trial. The court sentenced Burgraff to one year in the state penitentiary. The prisoner was taken to Waupun by Deputy Baldwin yesterday.

Three divorce cases were disposed of at the adjourned session of circuit court this week. The were Alkanor Slenor vs. Anton Slenor, Anna Cook vs. Dan. Cook and Lulu Holzschuh vs. Carl Holzschuh.

Two or three civil actions were heard. They involved banks of New Lisbon, and Fostoria, Ohio, against the Blue Grass Land Co.

PRESIDENT FAVORS OLD SITE

Mayor Anderle, City Clerk Swedber and Ald. Baker were at Minneapolis, Friday, consulting with the Soo officials in regard to the location of the new depot. President Pennington is in favor of building the station on the site of the present depot. As yet nothing of a definite nature has been done in the matter.

sources of Rhinelanders.

There is no objection to the elders of the contestants aiding in securing material, but the essay itself must be his or her personal product, and proof that it is not will forfeit prize if won. All rules of grammar as well as the subject matter of the essay will be considered in awarding the prizes, but subject matter will be the main consideration. Only one essay from each contestant and not more than two from the same family will be considered.

NICHOLS' STORE IS SCENE OF ROBBERY

Building Entered Saturday Night—Gun,
Cartridges, Knives and Money
Taken.

Nichols Hardware Company's store was broken into Saturday night. An automatic revolver, a quantity of cartridges, several jack knives and a small sum in nickles and dimes were stolen. The police are working on a clue which may lead to the arrest of the guilty ones.

Is Familiar With Store.

With the aid of a crow bar, the robbers pried open the door of the store shed in the rear of the building, and then entered the store through a window.

That the robbery was committed by some one thoroughly familiar with the surroundings there is not a doubt. The proper calibre of cartridges to fit the gun were taken from the shelves.

The cash register was relieved of all the change it contained, with the exception of a worthless five cent piece, which had been in the drawer for weeks.

The theft was discovered Sunday morning and the officers were immediately notified.

Chief of Police Straub says that some startling developments in the case will probably take place before another week has passed.

DEATH OF GEO. MC DONALD.

Passes Away Thursday at Home Of
His Mother.

The angel of death visited the home of Mrs. Mary McDonald, on Anderson street, late last Thursday afternoon, and removed her youngest son, George.

George's illness covered a period of two weeks. He had been in frail health since his birth and readily succumbed to the ravages of disease.

Deceased was born in Stevens Point twenty-five years ago. Practically his entire life was spent with his mother, sister Mae and brother Angus, in this city.

Funeral services were conducted in this city last Saturday morning, after which the remains were taken to Stevens Point and interred that afternoon in St. Stephen's Catholic cemetery.

BOYS SHOOT AT INSULATORS.

Boys with guns are held responsible for the destruction of scores of glass insulators on the transmission line between Hat Rapids power house and the sub-station.

For the young amateur marksmen the insulators form irresistible targets and the result is that the linemen are obliged to make frequent repair trips.

The officers of the lighting company have longed figured on how to prevent this nuisance, but as yet have failed to solve the problem.

RESIGNS AS INSPECTOR.

P. H. Moore, of Pelican Lake, post office inspector in this district, has, it is understood, forwarded his resignation to the department. Ill health is given as Mr. Moore's reason for quitting the position.

A linen shower was given at the apartments of Mrs. Emma Gould at 109 Pelham street, Monday evening for Miss Emma Cleveland, whose wedding to Floyd Ford took place last evening.

Mr. Otto Paul, Milwaukee, Wis., says Foley's Honey and Tar is still more than the best. He writes us: "All those that bought it think it is the best for coughs and colds they ever had and I think it is still more than the best. Our baby had a bad cold and I cured him in one day. Please accept thanks."

Mrs. Jennie Dolan and little daughter, Elizabeth, returned Sunday from Rochester, Minn., where the little girl, who has long been in delicate health, underwent an operation by the Drs. Mayo. She successfully passed through the ordeal and there is now a vast improvement in her condition.

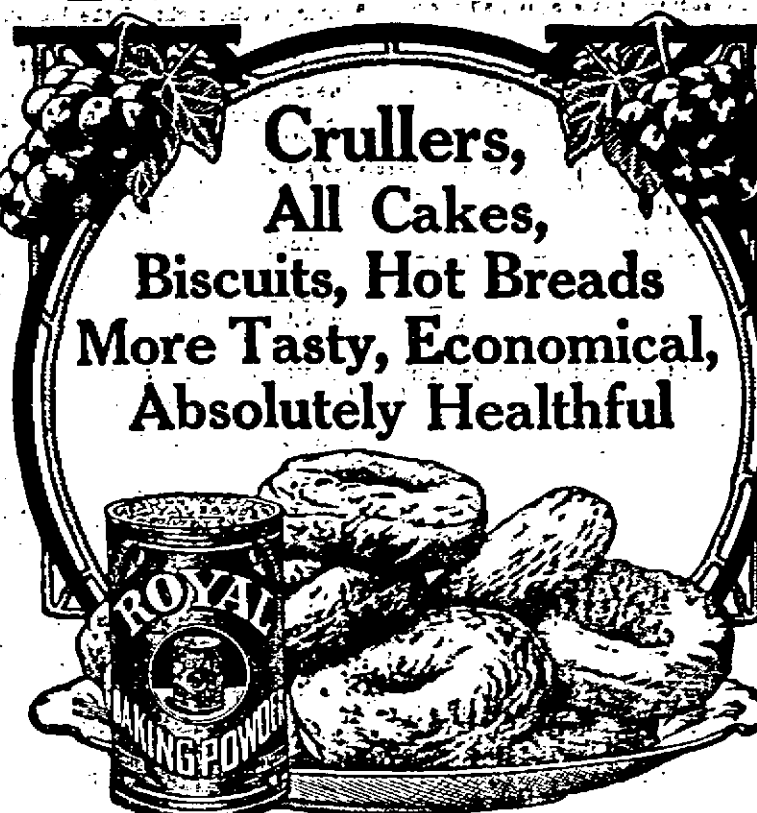

Rev. Geo. Plant, pastor of the Congregational church at Washburn, has retired as editor of the Washburn Times, probably finding the work too arduous. Rev. Plant was among the delegates who attended the Congregational church convention in this city. W. A. Robinson is the new editor of the Times.

We're sorry if you've tried other medicines and they failed. As a last resort try Hollister's Rocky Mountain Tea. It's a simple remedy, but it's worked wonders, made millions well and happy. Purifies the blood, makes flesh and muscle, cleanses your system. J. J. Reardon.

The home paper is always interesting to you, whether you take it or not. Some people who do not take the paper borrow it from their neighbors, and while this inconveniences the neighbors and themselves, it can not help but make us feel proud that they really care for our paper enough to walk a half mile each week to read it and also save two cents. It shows that these people are economical and that when our advertisers put an ad in our paper they will be sure to read it carefully and take in all the bargains.

The old, old story, told times without number, and repeated over and over again for the last 36 years, but it is always a welcome story to those in search of health—There is nothing in the world that cures coughs and colds as quickly as Chamberlain's Cough Remedy. Sold by All Dealers.

TO THE VOTERS.
As a result of the recount in the sheriff's office, I gained one vote on my previous majority over Mr. Vaughan. Mr. Vaughan expresses himself as satisfied with my nomination and pledges himself, to throw all his support to me. He requests all voters who intended to cast their ballots for him to put an X after my name on election day, November 8th. I thank the voters for their support, at the primaries and assure them that if elected to this office I will devote my entire time to the discharge of its affairs. I will make it my aim to work for the interests of the country and the people. A vote for me will be appreciated.
CHAS. S. CROFOOT.

TO THE VOTERS
I am a candidate for the office of register of deeds of Oneida county on the republican ticket and respectfully ask your support at the polls, Tuesday, November 8.
I lost my left arm six years ago at Stevens Lbr. Co's saw mill Rhinelander, Wis., and since have had a business course at the Williams Business College at Oshkosh, Wis. I am fully capable of doing this work. I am a married man and have four children to support, and will appreciate the vote of every man that feels I am competent for that office.

The stalwart republicans and stalwart organs are continually arguing that the democrats are going to make gains in the state election, Nov. 8th. If such is the case, it is not a guess who will help them do it.

REPUBLICANS CAN'T LOSE
Carl Krueger, county treasurer, who is a candidate for reelection, has just completed his campaign through the county and finds the outlook very favorable for the republican ticket. Carl says the party candidates can't lose.

We have positive proof that a few of the stalwart republicans of this city, (of course it is the special interest crowd), are trying to influence some of the republicans to vote against the regular republican candidate for governor, F. E. McGovern, and vote for the democrat. Of course we were aware that this bunch intended to bolt the ticket but we hardly thought they would try to do this. Is there a single reason why any republican should not vote the straight republican ticket? We see none.

The New North gave in full last week the reasons why the Republican State Central Committee repudiated Levi H. Bancroft for Attorney General and endorsed Charles H. Crownhart. Independent Republican candidate for the office. They fear Bancroft. His record as a public official makes them feel he will not carry out the republican principles as laid down by the republican platform convention. We do not wish to influence republican voters in this matter but simply inform them and then

let them go to the polls and act as their best judgment dictates. Do not let other people influence you but get the facts and vote as you think best.

HOW TO MARK YOUR BALLOT.
Make a cross in the circle at the head of the Republican column, scratch the name of Bancroft with your pencil, then in the last column at the right of the ballot, make a cross in the square after the name of Charles H. Crownhart. It is not necessary to scratch Bancroft's name if you make a cross after Crownhart's, but it will avoid uncertainty to do so.

FROM BANCROFT'S FRIENDS.
Antigo Journal, Stalwart: "Bancroft committed political suicide when he made his uncalculated attack upon the late Frank Tucker and also referring to in a very gentlemanly way to Senator La Follette, when he was lying on his sick bed. Many of his staunchest supporters will not vote for him on that account and defeat simply stares him in the face."
Shawano Journal, Stalwart: "The Journal is not overly impressed with Mr. Bancroft on account of his present kind of politics shown from the fact that he owes this office \$15 for running his boiler plate primary campaign twaddle, telling about what a great lawyer he is. Such men never get far along in politics because they can't beat the country newspaper man but once."

AN UNFORTUNATE REMARK
Attorney Martin made one most unfortunate remark in his address in Rhinelander. He said the socialists wish to settle economic questions by bullets instead of ballots, and he also said he understood that there were many in Rhinelander. We regret Mr. Martin showed his ignorance on the socialist question, on the contrary, they believe in ballots governing the people. Too many people fail to distinguish socialism from anarchism, one means government in its fullest extent and the other means destruction of government.

SUPPORT REPUBLICAN TICKET
Next Tuesday is general election and we see no reasons why every republican should not vote the republican ticket. In saying this, it is not our intention to utter one unkind word against the county candidates of the other parties. They are our neighbors and our friends and we do not wish to belittle them for party purposes.

However, if you believe in republican principles you should vote the republican ticket.
Every republican candidate you reject is simply a step towards weakening the republican machine and ultimately destroying its power.
The state ticket is especially strong and F. E. McGovern at the head has a splendid record as district attorney of Milwaukee county.
The other republican candidates for state office are men who have been thoroughly tried in public life and have won their spurs, and should be supported.

There is a good reason why every republican who believes in progressive legislation should support Elmer A. Morse for congress and D. B. Stevens for the assembly.
While it is not our intention again this week to write up each individual county candidate as we did last week, we do urge you to support every one of them. Why should you turn any of them down? Of course we are well aware that candidates from other parties are soliciting your support and in one or two instances are trying to better little their opponents, but why should

you listen to unkind remarks by an opponent whose true reason for his acts is that he wants the office himself? Beware of the candidate who says belittling things of his opponent. His motive is too plain.
Now, go to the polls next Tuesday and vote the party of your choice and if you do the republican ticket of this county will be carried by a splendid majority. Beware of falsities who try to start something at the last hour. Their very methods are enough to repudiate their cause.

A. H. DAHL
State Treasurer, and candidate for re-election, will speak for the republican ticket at the city hall tonight.
Go hear Mr. Dahl and then vote as you believe for the best interest of the people.

A SANE HALLOWE'EN.
Night is quietly observed by Rhinelander youngsters.
Hallowe'en passed off quietly in Rhinelander. While the small boys were out in full force they confined themselves to simple pranks and no serious damage was reported.
There was scarcely a window in the city which did not receive its full quota of soap and a number of gates strangely disappeared. Many out buildings and wood piles were topped over.
A small force of special police was on duty and served to keep the youngsters within bounds.
In various homes social functions were held and a dancing party was given at the Guild hall.

BUYS ANOTHER FARM
E. G. Squier believes in farming on a large scale and to carry out his ideas has purchased the Bevard property of eighty acres. The land adjoins Mr. Squier's farm on the Wisconsin river just north of the city.
Mr. Squier will put the entire tract under cultivation next year and will supervise the work himself. He has arrived at the conclusion that there is about as much money in farming as there is in selling diamonds.

ORDER GATES AT CROSSINGS.
At the council meeting Tuesday evening a resolution was passed ordering the Soo and Northwestern railway companies to place gates at the Brown and Davenport streets crossings.
A committee was appointed to consult with O. A. Hilgerman concerning the necessary improvements to be made at the Grand opera house before the theatre can be opened.

LITTLE GIRL'S NARROW ESCAPE

The daughter of Wm. Bull, Soo line section foreman at Cavour, narrowly escaped being shot while on the way between the school house and her home, Sunday.

The little girl with several other children was walking slowly along the road, when a bullet whizzed by close to her head. An investigation revealed that the shot was fired by a drunken man who was carelessly handling a gun.

FRANK MEETS OLD FRIEND

Frank Bryant had as his guest last Friday, Ira Mitchell, a wealthy logger, who for the last decade or more has been connected with the Diamond Lumber Company at Ontonagon, Mich. In Michigan, years ago, Mr. Bryant and Mr. Mitchell were neighbors. Previous to Friday they had not seen each other in twenty years and their meeting here proved a memorable occasion. Mr. Mitchell had been called to this city on business for the Bundy Lumber Company.

NEARBY TOWNS

Stevens Point—Five saloon keepers of this city were arrested for maintaining slot machines in their places of business. Two liquor dealers at Junction City were also arrested and fined on the same charge. The local men have engaged attorneys and will fight the case. The complaint against them was made by A. H. Ziechel of Appleton, secretary of the Anti-Saloon League.

Washburn—John Charron's \$30,000 damage case against the Northwestern Fuel company, which has three times been tried in the lower courts, will again come up for trial, the supreme court having reversed the decision of the lower court. Three

years ago while at work on the Northwestern fuel docks here Charron was injured. The company settled with Charron, who now claims that he did not know what he was doing on account of the injuries, and that, if he had, he never would have made the settlement.

Ashland—Myra Dietz is doing nicely since the operation Friday for abscess, according to a statement issued by Chief Surgeon Dodd. It will be several days however before she will leave the hospital. She is kept in a darkened room and no one but doctors and the nurses see her.

Merrill—Another Creamery Company has been organized with Merrill capital. The new concern just launched is the Merrill Creamery Company. Work is being pushed rapidly on the rebuilding of the Wright saw mill and it is planned to have the plant running, Jan. 1st.

Escanaba—Escanaba has an "onest, burglar." At least an intruder who entered the house of H. Blake on upper Lindington street and escaped with \$19 returned to the house a few days afterward and calling Mrs. Blake to the door, returned the stolen money. Immediately after placing the sealed package containing the cash in the hands of Mrs. Blake, the stranger disappeared and she can not recall his description. It is supposed that the theft was committed by some young man of the city and that the act so preyed upon his conscience that he decided to make restitution.

Clintonville—Conductor Ed. Dahlen and Brakeman Earl Murphy of the Northwestern road, who were arrested on the charge of stealing freight from cars, have been exonerated of the charge. At the trial it developed that there was not a particle of evidence against these men. Baggageman Smith of Hortonville, who tried to implicate them in the robbery, was the only one found guilty and he was sentenced to one year in the state prison.

Wausau—The proposed Lake Wausau, the talk of Wausau for years, is nearly realized. The body of water is being created by the dam of the Marathon Paper Mills Company, five miles south of here. The dam's capacity is a head of water twenty feet high. Sixteen feet has already been raised. The dam backs up water up to within this city.

Antigo—The town of Neva of this county will soon have a High school as there are sufficient qualified students to warrant its establishment. Many of the graduates of the graded school of that district are now attending the Antigo High school. It is thought that the Neva High school could open with an attendance of from twenty-five to forty students.

Crandon—While hunting near this city Henry Sanders, a painter, shot himself in the hand. R. J. McMillan who was with Sanders when the accident occurred, bound up the injury and assisted him to a nearby house and a physician was called. Sanders was weak from loss of blood and for a time it looked as though he would not recover.

Ladysmith—A consolidation of the Ladysmith National Bank and the State Bank of Ladysmith took place Oct. 23, under the name of the State Bank of Ladysmith. The resources of the institution are about \$300,000. W. E. Thompson is cashier.

Tomahawk—Harry G. Bell, who was ousted through quo warranto proceedings in circuit court from the office of second municipal judge, has been re-appointed by Governor Davidson. Mr. Bell had been elected to and qualified for the office of district attorney and consequently forfeited the judgeship. Judge Reid held that the office was incompatible and the complaint was upheld.

Hurley—Wm. Hughes, blacksmith for the Foster-Lattimer Lumber Co. at Mellen, was shot and killed by a careless hunter who evidently mistook him for a deer. Hughes and his son, a boy of twelve, were hunting deer with a bull's eye lantern. Suddenly a bullet flew between them. This was followed by a second bullet which struck the father in the breast, causing a wound from which he died a few hours later. Hughes leaves a wife and six children.

Iron River—The attendance at the Iron River High school increased 50 per cent this year over that of last year—a record which doubtless cannot be duplicated by any high school in the state.

Superior—This city is all excitement over the appearance of what those who saw it claim to be an airship, Monday afternoon. Normal school students, school teachers and prominent business men saw the airship and are willing to make affidavit to that effect. Some claim that they were able to make out people in the basket below the balloon. It was cigar shaped, about 250 feet in length, and 600 feet in the air, according to the reports. It came from the southwest and passed over the city toward Lake Superior. Vessel captains are looking for the strange craft, thinking it may have been lost in the lake.

LANDSLIDE DELAYS TRAIN.

So passenger train number 81, due here at 5 P. M., did not arrive until 11:30 last Friday night. The delay was due to a land slide at the high bluffs near Osceola. Falling rocks and dirt covered the track making progress by the train impossible.

ENTERS FINAL SLEEP

Death Ends Long-Suffering of Mrs. Catherine Smith.

Catherine, wife of Calvin Smith, passed away Tuesday afternoon at St. Mary's hospital.

Since the latter part of the summer the lady had been in failing health and for most of the time had been confined to bed. Her condition from the first was considered as grave. Specialists were consulted in regard to her case but they failed to give any relief.

Mrs. Smith was removed from her home on Anderson street to the hospital, Monday, and on Tuesday morning underwent an operation. From this she did not rally and gradually sank into the final sleep.

Mrs. Smith was fifty-six years of age and a native of Ontario. Aside from her husband she leaves a daughter, Mrs. Ida McDonald, of Ashland, and a son, George Smith, of this city. She was a lady dearly beloved by her friends and neighbors among whom her sad death has caused deep sorrow.

The funeral will be held tomorrow afternoon from the residence on Anderson street. Rev. Clemens, of the M. E. Church, will officiate.

Those who are here to attend the services, from away, are Mr. and Mrs. Philo Smith, of Big Rapids, Mich., and Robert Thurston, of Conover.

TO THE VOTERS.

On the shoulders of the working class are borne all other classes. Any measures which better the conditions of the working class must better the conditions of the community in general.

As the Social-Democratic candidate for sheriff of Oneida county, I request the votes of all who wish for the county's welfare.

SAM. G. PERINIER.

OXEN DRAW ATTENTION.

A team of oxen, such as settlers and loggers used in the early days of northern Wisconsin, attracted attention on the streets of Rhinelander, Monday. The animals are owned by Chas. Asmundson, a farmer living near the city.

On election day a petition will be circulated to have the city clerk, city attorney and street commissioner elected by the people next spring. This petition is similar to the one which was circulated last spring.

ROONEY RANKS SEVENTH.

Frank Rooney, of this city, who pitched for the Oshkosh state league team the latter part of last season, ranks seventh among the pitchers of the league. He won six and lost three games, with an average of .667. Sample ballots for sale at this office.

Impressive Postscript.

George Washington Primrose, thinking of matrimony and trembling on the edge, wrote to his married brother, Rufus, for advice. "Dear Jawie," wrote Rufus in reply, "every man should marry. A wife is a man's greatest gift. She soothes his troubles, dabbles his life and helps him every way. The married life is the only life specially when you are fortunate enough for to get a fool of a wife like mine. P. S.—Mandy has just stepped out. You blame fate you STAY SINGLE."

Wonderful Kitchen.

The largest kitchen in the world is that of the Bon Marche, the noted department store of Paris. In this kitchen is prepared the food for the whole of the 4,000 employees of that great establishment. The smallest kitchen holds 75 quarts, the largest 75 quarts. There are 50 frying pans, each of which is capable of holding 200 cutlets at a time, or of frying 220 rounds of potatoes. When there are omelets for breakfast 7,500 eggs are used. The coffee machine regularly employs 60 cooks and 100 kitchen boys.

Astrakhan Lambs.

From Bokhara some million and a half astrakhan skins are sent each year to Europe and America. The lambs whose skins are known as astrakhan are specially bred for the purpose, and some flocks contain as many as 5,000 head. The skins are roughly dressed before being exported. Experiments have been made in the breeding of lambs for astrakhan in various parts of Asia and Europe, but it is claimed that Bokhara alone produces the best lambs for the purpose.

City Streets.

Dr. Johnson would have said a wise thing had he said what somebody said later for him: "Come, let us take a walk down Fleet street!" It sounds commonplace, but often a common place is concentrated wisdom; and that is how, in our careless days, a master of the commonplace gets to be regarded as an oracle. If you want to understand a people, just do take a walk—many walks—in their great highways of traffic.—James Milne, in the Fortnightly.

VALUE IS IN THE QUALITY

IT IS NOT A MATTER OF PRICE

If one article is better than another for the same price, the difference is in the quality. There's lots of difference in values. It may be in the fabric, the linings, the tailoring, or all three of these. We say

The Utmost Value for the price you want to pay

Every dollar you pay brings added value and just a little more than you will expect because we're the exclusive sellers of the lines of Ladies' Coats and Sweaters that we carry.

Sweaters and Coats

75 Sweaters to choose from. We have to buy these in quantities. First, because we have a big demand for these Sweaters, that is we sell a lot of them. Second, we can buy cheaper by buying such quantities and thereby be able to sell cheaper.

Compare our \$5.00 Sweaters and \$5.98 Coats with anything you have seen.

Making Children Strong.

Strength is the one great good life has to offer, but like most desirable things, there is no royal road to it. Sometimes it is only to be gained in devious pathways which appear to lead in quite another direction. Study your children; thus only will you be able to stake out their particular routes to health. Learn the strength giving power of cold water, outdoor exercise, sleep in a cold, dark room, early bed hours and simple meals. Do not send for a doctor at each sneeze, or live with a clinical thermometer in your hand.

This indicates the action of Foley
Kidney Pills as S. Parsons, Battle

been afflicted with a severe case of
kidney and bladder trouble for which
I found no relief until I used Foley
Kidney Pills. These cured me en-

Foley Kidney Pills rid me entirely of
all my former troubles. They have
my highest recommendation."

GIVES HALLOWE'EN PARTY.

St. Elizabeth's Guild Entertains Young People Tuesday Night.

St. Elizabeth's Guild, assisted by Mrs. Johnson and E. O. Brown, gave a Halloween party at the Guild hall, Tuesday evening.

The hall was tastefully decorated with witches, pumpkins, black cats and festoons which hung from all corners. The lights were shaded to give a weird effect to the scene.

About fifty couples were present. An amusing feature of the evening was when Mr. Brown presented the young gentlemen with numbers. When called they went to a table covered with ladies' hats and trimmings. Each selected a hat and trimmings, and provided with needles, thread and shears, they trimmed hats for the young ladies.

When the work was finished Mr. Brown called the grand march, the gentlemen being requested to wear the hats. Miss Bessie McIndoe and Joe McElrone lead the march, assisted by Mrs. Johnson and Mr. Brown.

After apples and pop corn had been passed in bushel baskets, dancing began, lasting until twelve o'clock.

To Mrs. Johnson and Mr. Brown credit is due for the success of the entertainment.

The Guild netted a small sum for the treasury. Mrs. Hawkins and Mrs. F. T. Coon acted as cashiers.

COMISKEY AT MERCER

C. A. Comiskey, boss of the Chicago White Sox and a large party of friends, arrived at Mercer, Wednesday in a special Pullman car on a two weeks sojourn at the Jerome Hunting and Fishing Club. Those in the party beside Mr. Comiskey were B. B. Johnson, president of the American League; C. G. Spink, St. Louis editor; James McAleer, manager of the Wathe Washington team; Jack Sheridan, veteran umpire; George Thompson of the Lake Shore railroad; P. F. McCarthy, Jas. McTague of St. Louis; Bob Walsh, Tom Miller, Pete Lamler, Al Hayden, Jimmy McLain, Eddie Welsh and Joe Farrell, Chicago nimrods of note. This is Comiskey's seventh annual visit to the Jerome club.—Hurley Miner.

Remedies are Needed

Were we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies are needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a glyceric compound, extracted from native medicinals, sold for over forty years with great satisfaction to all users. For indigestion, biliousness, liver complaint, pain in the stomach after eating, heartburn, bad breath, belching of food, chronic diarrhea and other intestinal derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

FOR DYSPEPSIA

You Risk Nothing by Trying This Remedy.

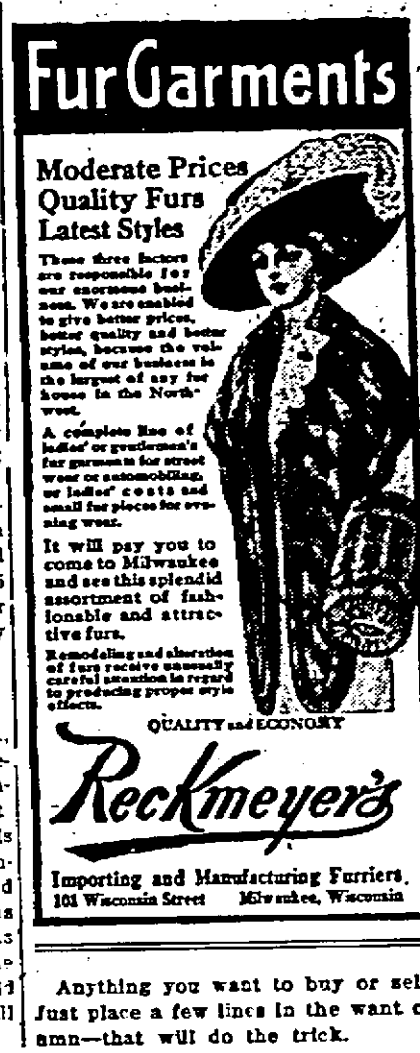

We want every one troubled with indigestion and dyspepsia to come to our store and obtain a box of Rexall Dyspepsia Tablets. They contain Bismuth-Subnitrate and Pepsin prepared by a process which develops their greatest power to overcome digestive disturbance.

Rexall Dyspepsia Tablets are very pleasant to take. They soothe the irritable, weak stomach, strengthen and invigorate the digestive organs, relieve nausea and indigestion, promote nutrition and bring about a feeling of comfort.

If you give Rexall Dyspepsia Tablets a reasonable trial we will return your money if you are not satisfied with the result. Three sizes, 25 cents, 50 cents and \$1.00. Remember you can obtain Rexall Remedies only at—The Rexall Store, J. J. Reardon.

REGRETS HE DIDN'T STAY.

John Deenan of Evansville, Wis., was in the city, Sunday. Mr. Deenan worked for the Soo railway company at the time the road was built through Rhinelander. This was his second trip to the city within twenty years. He regrets that he did not engage in business here as was Lamler, Al Hayden, Jimmy McLain, Eddie Welsh and Joe Farrell, Chicago young. He said that at that time he never thought Rhinelander would amount to anything but a small lumber town.

IF WOMEN ONLY KNEW.

What a Heap of Happiness It Would Bring to Rhinelander Homes.

Hard to do housework with an aching back. Brings you hours of misery at leisure or at work.

If women only knew the cause—that

Backache pains come from sick kidneys.

'Twould save much needless woe. Doan's Kidney Pills cure sick kidneys.

Rhinelander people endorse this: Mrs. John Hull, of 722 Dorr Ave., Rhinelander, Wis., says: "About a

year ago I was suddenly attacked with kidney trouble. The first symptom was a severe pain in the small of my back, then my sides began to pain me and I had frequent headaches. I also noticed that the kidneys, secretions were unnatural and I finally procured Doan's Kidney Pills from Reardon's Drug Store. They entirely relieved me and I have had no kidney trouble since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

ITALIAN BOYS NOV. 4.

The entertainment given by the Italian Boys, the talented musicians, and Albert Foland, the reader, eloquist and all-around platform entertainer, in the Maltz Opera house, December 31st, in the third number of the Baptist church lecture course, was a rare treat. It was all it was advertised, and more, and afforded the Baptist Church Lecture Course Association something to feel proud of. The musical instruments used were: Solo violin, second violin, flute, clarinet and harp. The dusky players are natural musicians, born in the Sunny Land of Italy, where there is music in the atmosphere as well as in the souls of its people. There was a peculiar richness and harmony in their music that was captivating. Albert Foland is a master in his line. He attracted even more attention than the musicians, because he dealt with subjects that the entire audience understood and fully appreciated. Army, November 4.

HEXAMETHYLENETETRAMINE

Is the name of a German chemical one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and anti-septic for the urine. Take Foley's Kidney Remedy promptly at the first sign of kidney trouble and avoid a serious malady. J. J. Reardon.

WESTERN FIRE LOSSES.

Six Billion of Timber Burned in Idaho and Montana.

A rough estimate of the fire loss upon the National Forests in Montana and northern Idaho, upon which the Forest officers of the U. S. Department of Agriculture have been engaged since the fires were put out, puts the total amount of timber killed or destroyed in this one district at over 6 billion board feet, while the area burned over is put at over 1 1/2 million acres.

The heaviest losses were in two Idaho forests, the Coeur d'Alene, where over 3 billion board feet of timber are reported killed or destroyed and over 450 thousand acres burned over, and the Clearwater, where 1 billion feet of timber were killed or destroyed and 300 thousand acres burned over. On the Helena National Forest, in Montana, the loss in timber is believed to have been 500 million feet, on the Cabinet Forest 400 million, and on the Lolo Forest 300 million.

How To Stop Stubborn Cough

We don't mean just stop the irritation in your throat—but cure the underlying cause.

Cough syrups cannot do this. It takes a constitutional tonic body builder to do the work properly—and cure you to stay cured. Vinol is the remedy you need.

HERE IS PROOF

Mrs. Minnie Osgood, of Glens Falls, N. Y., writes: "After trying several remedies for a bad cough and cold without benefit, I was asked to try Vinol. It worked like magic. It cured my cold and cough and I gained in health and strength. I consider Vinol the most wonderful tonic and invigorator I ever saw."

If we cannot stop that cough with VINOL—our delicious cod liver and iron tonic—which is made without oil—we will not charge you a cent for the medicine you buy. This seems like a pretty fair proposition—and ought to be accepted. Don't you think so? With this understanding we ask you to try a bottle of VINOL.

John J. Reardon, Druggist, Rhinelander, Wis.

THEY'LL APPRECIATE YOUR VOTE, SO SAY THE OLD PARTY POLITICIANS

But do you appreciate the conditions that result there from.

Higher and higher prices and no raise in wages.

Which would you admire the most a bad man standing for a good system or a good man standing for a good system?

The first see whats wrong and has the courage to want the change and will work for it, while the lattersay "I'm all right let the other fellow take what he gets."

A Lunatic: A man who votes for something he don't want so that he won't lose his vote.

If you want to appreciate your vote and want Oneida county affairs handled as well as Milwaukee's, vote the following ticket on November 8.

AROUND THE CIRCLE

Cards are announcing the wedding of one of Crescent Flats' prominent young ladies, which is to take place in the near future.

Emile Gilmoure is located at Monico for the present in one of the lumber camps there.

The severe winter weather of the last few days has put a stop to all farm work and farmers are busy getting their winter's wood together. C. W. and Walter Meyers, were city callers the first of the week.

Fred Boehm, has "liked" himself to the tall timber and is now occupying one of the "bunks" in camp in the vicinity of Monico.

Vet Grill has been treating his residence to a brand new coat of shingles.

Isadore Ruseau has concluded to shake the dust of the "flats" from his feet and departed this week for his home at O'Day, Wis.

John Owens has just completed a fine harvest of rutabagas, the largest we have seen this season.

It looked as though a young cyclone had struck the "flats" Tuesday morning by the way farm machinery was strewn about. W. Kerber had just started out to do some haying on Loubold's farm while John Owens had commenced hauling rock from Joe Laddasure's place, while different stunts were being performed by other "bean huskers."

Miss Edna Schulka, has a large attendance and is doing some splendid work at her school in the Lassig district.

N. Nelson, deputy sheriff of Lead City, S. D., gave his sister, Mrs. N. Lundberg, and friends a very pleasant surprise this week by calling upon them: This is Mr. Nelson's first visit to them in 23 years. Mr. Nelson leaves for his home today via Chicago, Omaha and Denver. He expects to call upon another sister, Mrs. Osacrs Schmidt while in Chicago, whom he has not seen for the same period.

THE DEMOCRATIC RALLY

Mr. P. H. Martin, a prominent attorney of Green Bay, addressed a good sized audience last evening, at the city hall, in behalf of the democratic ticket. Mr. Martin is a good thinker, has a pleasing address and from the democratic standpoint gave a strong speech in favor of his party.

Of course it was the same old democratic idea of a tariff for revenue only. He said a protective tariff is a form of graft to fill the pockets of the few at the expense of the many, and encourages other forms of graft. Mr. Martin's address pleased his democratic followers.
